The Board of Directors of the Central Bank, as per the provisions of Article 5 of Law 31 of 1992, submits a report to the Congress of the Republic that describes the macroeconomic performance for the first half of 2019 and its prospects for the remainder of the year. The last two chapters report on the composition of the country's international reserves and the projection of the financial situation of Banco de la República for 2019. The last chapter analyzes the payment systems in the country.
